(Rif. KDEP 1182 - 1183 - 1184 - 1185)
Kit di cinque attrezzi per estrarre i tappi-sfera pompa BOSCH VE con LDA completo di dieci tappi

(Rif. KDEP 1182 - 1183 - 1184 - 1185)
5-tool kit for extracting ball plugs of BOSCH VE pump with LDA with 10 tapped

1 9598/G Chiave mantenimento fase puleggia comando albero distribuzione, vetture FIAT.
Wrench for phase holding of pulley on drive of distribution shaft, cars FIAT.

2 Staffa per detta per LANCIA K.
Bracket for what above on LANCIA K.

3 Staffa per detta per BRAVO/BRAVA.
Bracket for what above on BRAVO/ BRAVA.

4 Staffa per detta per motori FIAT diesel, turbo diesel 1697/1929.
Bracket for what above on FIAT diesel, turbo diesel 1697/1929 engines.

5 9598/L Chiave per messa in fase distribuzione vetture FIAT, compreso BRAVO/A. Per la determinazione del punto morto superiore sul 1° cilindro (si applica sulla puleggia dentata dell'albero motore).
Wrench for phase start of distribution on FIAT cars (BRAVO/A incl'd) for defining the upper dead point on 1st. cylinder (it must be applied on the hook pulley of the engine shaft).

5 9598/LA Chiave per messa in fase distribuzione vetture Fiat Marea e Lancia K2,4.
Wrench for phase start of distribution on Fiat car marea and Lancia K 2,4.

6 9598/H Perno mantenimento fase FIAT ULISSE.
Pin for phase holding on FIAT ULISSE.

7 9598/M Perno mantenimento fase distribuzione e volano motore. Daily, turbo DAILY.
Engine flywheel and valve gear timing tool. Daily, turbo DAILY.

1 9147/B

Chiave a denti per ghiera fissa precamere protainiettori vetture FIAT più BRAVO e BRAVA.

Hook wrench for fixed nut on precombustion chamber, nozzle holders, cars FIAT, BRAVO and BRAVA.

2 9598/F

Attrezzo mantenimento fase distribuzione vetture Fiat Bravo e Brava.

Tool for distribution phase holding on Fiat, Bravo and Brava cars.

3 9598/E

Estrattore universale registrabile puleggia lato pompa per vetture Fiat Bravo/Brava, Volkswagen, ecc.

Universal adjustable puller for pump side pulley on cars Fiat, Bravo and Brava, Volkswagen and so on.

4 9598/B

Estrattore puleggia lato pompa vetture Audi T.D.

Puller for pump side pulley on Audi Turbo Diesel.

5 9598/C

Estrattore puleggia lato pompa Fiat Ducato 2,5.

Puller for pump side pulley on Fiat Ducato 2,5.

6 9598/N

Ferma fase distribuzione Renault 19 D - R5 - R9 - R11 dopo il 1988.

Phase holding for distribution on Renault 19D - R5 - R9 - R11 after 1988.

mm. 27

1 9753/A Staffa riscontro fase BMW 525 TDS.
Stroke survey bracket for BMW 525 TDS.

2 9754/A Espulsore pompa BMW 525 TDS.
Pump expeller for BMW 525 TDS.

3 9754/B Chiave per dado esagonale fissa tendicinghia da mm. 50 BMW 325 TD.
Wrench for exagonal nut, mm. 50 belt stretcher fixture. BMW 325 TD.

4 9754/C Chiave a tre facce per attuatore su pompa BOSCH VE AUDI-BMW
3-Side wrench for actuator on VE BOSCH pump, AUDI, BMW.

5 9471/9 Supporto comparatore pompa BOSCH VE mm. 8x1.
Comparator support for BOSCH VE pump mm. 8x1.

5 9471/9A Supporto comparatore pompa BOSCH VE AUDI T.D. mm.10x1.
Comparator support for BOSCH VE AUDI TURBO DIESEL pump mm.10x1.

6 9752/B Attrezzo mantenimento fase OPEL CORSA motore ISUZU
Phase holding tool for OPEL CORSA, engine ISUZU.

7 9755/B Chiave esagonale aperta mm. 27 per portainiettore BOSCH munito di sensore-BMW-FIAT-LANCIA K.
Reinforced hexagonal wrench, open mm. 27 for BMW-FIAT-LANCIA K for nozzle holder with sensor.

mm. 28

1

1 9755/A

Chiave rinforzata esagonale mm. 28 aperta per portainiettore BOSCH munito di sensore, **ALFA ROMEO VM, ROVER.**

Hexagonal reinforced wrench mm. 28 open, nozzle holders of BOSCH with sensor, **ALFA ROMEO VM, ROVER.**

2

2 9571/B

Morsetto smontaggio portainiettore BOSCH esagonale mm. 28, **ALFA ROMEO VM, ROVER.**

Small vice for demounting BOSCH nozzle holders, exagonal mm. 28, **ALFA ROMEO VM, ROVER.**

3

3 9953

Chiave ad asola mm. 22 extrapiatta smontaggio portainiettore BOSCH **ALFA ROMEO/ VM.**

Slot extra-flat wrench mm. 22 for demounting nozzle holders **ALFA ROMEO, VM, ROVER.**

4

4 9596/B

Espulsore pompa BOSCH VE su **ALFA ROMEO 75 e 33.** (estrae e mantiene fissa la distribuzione su motori **ALFA ROMEO** dopo il 1989).

BOSCH VE pump expeller for **ALFA ROMEO 75 and 33.** (extracts and keeps fasten the timing system on **ALFA ROMEO** engines after 1989).

5

5 9596/A

Espulsore pompa Bosch su **ALFA ROMEO 75 e 33** (estrae e mantiene fissa la distribuzione).

Bosch pump expeller for **ALFA ROMEO 75 and 33** (extracts and keeps fasten the timing system).

6

6 9077/A

Espulsore pompa **ROVER DISCOVERY.** Pump expeller for **ROVER DISCOVERY.**

7

7 9077/B

Mantenimento fase **ROVER DISCOVERY.** Phase holding for **ROVER DISCOVERY.**

1 9965 Attrezzo mantenimento fase MERCEDES 200-250 TD. Da applicarsi dopo lo smontaggio del vuotometro pompa freni.
 Tool for phase holding MERCEDES 200-250 TD. To be applied after demounting brackets pump vacuum gauge.

2 9885 Chiave a millerighe smontaggio ghiera precamera MERCEDES 250 D.
 Removing wrench for the precombustion chamber ring on MERCEDES 250 D.

3 9886 Chiave 4 denti smontaggio ed estrazione ghiera e portainiettore MERCEDES autocarro.
 Toothed wrench to remove and extract metal ring and nozzle holder on MERCEDES TRUCK.

4 9050/A Riduzione per estrattore a colpo (9047) per precamera portainiettore MERCEDES 250 TD.
 Reduction for nozzle holder puller precombustion chamber MERCEDES 250 TD.

5 9536/A Chiave prolungata per portainiettore MERCEDES serie C mm. 22 esagonale.
 Extended wrench for nozzle holder on MERCEDES serie C mm. 22 hexagonal.

1 9899

Estrattore in acciaio a fortissima trazione per portainiettori a barra su autocarri Iveco - Mercedes - Man - Fiat - Renault - Volvo - Scania ecc. composto di un perno filettato: 14x1,5 e uno di 12x1,5.

Very high traction steel puller for bar nozzle holders on Iveco - Mercedes - Renault - Man - Fiat - Volvo - Scania trucks and so on, consisting of a threaded pin 14x1,5 and one 12x1,5.

2 9899/A

Mini estrattore a fortissima trazione per portainiettori a barra su Fiat Ducato i.d. Daily i.d. - Ford Transit i.d. ecc. e per tutti quei portainiettori ove sussista un ingombro nell'area di estrazione: connettori, tubazioni, preriscaldatori ecc. composto di un perno filettato 14x1,5 e uno 12x1,5.

N.B. (Portainiettori sempre bloccati nel loro alloggiamento per incrostazioni e ruggine formatesi con l'acqua).

Very high traction mini-puller for bar nozzle holders on Fiat Ducato i.d. Daily i.d. - Ford Transit i.d. and so on and for all those nozzle holders where there is an hindrance in the extraction area: connectors, pipes, preheater and so on consisting of a threaded pin 14x1,5 and one 12x1,5.
REMARK: (nozzle holders always blocked in their housing due to foulings and rust caused by water).

1 9044

Estrattore portainiettori STANADYNE (John Deer).

Stanadyne nozzle holders puller (John Deer).

2 9044/B

Riduzione per 9044 per portainiettori Caterpillar Ford Transit.

Reduction for 9044 for Caterpillar and Ford Transit nozzle holders.

(1+2) 9044/A

Estrattore tre pezzi per portainiettori STANADYNE, Caterpillar e su Ford Transit.

3 piece puller for STANADYNE nozzle holders, CATERPILLAR and on Ford Transit.

mm. 22

1 9536/B

Chiave smontaggio del primo portainiettore strumentalizzato munito di sensore collegato alla centralina esag. mm. 22 su MERCEDES C.

Disassembly wrench of first instrumental injector holder equipped with sensor connected to the gearbox hexag mm 22 for MERCEDES C.

2 9571/A

Morsetto portainiettore W. POLO-MERCEDES - ISUZU esag. mm. 22.

Injector holder clamp for W. POLO - MERCEDES ISUZU - hexag mm 22.

3 9227/A

Attrezzo prova iniettori G.M. su RENAULT MACK autocarro e riduzione per estrarlo.

Injector tester tool G.M. for RENAULT - MACK trucks and reduction for extraction.

4 9499/I

Ingranaggio per rotazione volano motore MERCEDES-MAN autocarri ultime serie.

Gear for rotation of the engine flywheel MERCEDES MAN TRUCKS - last serie.

5 9499/H

Ingranaggio universale registrabile per rotazione volano motore IVECO EUROCARGO-EUROTEC 190,38- 190,42 ecc.

Adjustable universal gear for flywheel rotation of engines of IVECO, EUROCARGO, EUROTEC 190.38- 190.42 and so on.

6 9897

Cassetta composta da 14 calibri rettificati per il controllo delle tubazioni ISO. Tolleranza di 1 decimo in più o in meno dalla misura ISO.

Tool kit with 14 ground gauges for the checking of ISO tubings tolerance of 1 tenth f.e.

Chiavi registro LDA Adjusting wrenchs for LDA

- 1 9609** (Rif. KDEP 1047)
Chiave di registro Fiat 190
esagonale 14 +10
(KDEP Ref. 1047)
14 mm and 10 mm hex.
adjusting wrench for Fiat 190

(KDEP Ref. 1578)
27 mm hex. adjusting wrench
for trucks, two Ø 16 teeth,
two Ø 12 teeth
and 4 mm allen wrench
Mercedes19.44, pump P 7100.

9701/K

Cassetta di supporti comparatore universale inizio mandata sul banco prova per controllo e per impostazione delle pompe iniezione BOSCH P sul motore.

Universal comparator supports box for delivery start on test bench and check for BOSCH P injection pumps setting on the engine.

1	9174/K	Supporto comparatore per rilevare quota inizio mandata su pompe Bosch P - P7100 - 8500 tipo R con riduzione per pompe P Bosch con attacco sinistro. Comparator support for taking the delivery start dimension on Bosch P - P7100 - 8500 - type R pumps. With reduction for Bosch P pumps with left connection Bosch 8500 - Fried Mayer and so on.
2	9174/MW	Riduzione da applicare al 9174/K per rilevare quota inizio mandata sulle pompe Bosch MW. Reduction to be mounted on the 9174/K to take the delivery start dimension on Bosch MW pumps.
3	9445/A	Attrezzo munito di vetro con foro capillare per rilevare inizio mandata con traboccamento. Filettatura 12 x 1.5 - 14 x 1.5. Tool equipped with capillary hole-drilled glass to take delivery start with overflow. Thread 12 x 1.5 - 14 x 1.5.
4	9087	Comparatore centesimale mm 10. Centesimal comparator mm 10.
5	9682	Supporto comparatore universale per pompe in linea A - B - BV - N, SIMMS, PES... M, PES... RSF BOSCH. Filettatura 12 x 1.5 - 14 x 1.5. Universal comparator support for pumps on line: A - B - BV - N - SIMMS - PES... M, PES... RSF BOSCH. Thread 12 x 1.5 - 14 x 1.5.

9174/K

Supporto comparatore per rilevare la quota inizio mandata su tutte le pompe Bosch P, P7100, 8500 tipo R e per impostazione delle pompe iniezione sul motore. Attrezzo universale, rapido e preciso per messa in fase delle pompe su autocarri IVECO, MERCEDES, MAN, VOLVO, SCANIA ecc.

Comparator support to take the delivery start dimension on all Bosch P, P7100, 8500 type R pumps and to set injection pumps on the engine.

Universal tool, quick and precise, for timing pumps on trucks such as IVECO, MERCEDES, MAN, VOLVO, RENAULT, SCANIA, DAF, MACK, PEGASO and so on.

9174/P

Riduzione da applicarsi al 9174/K per pompe P Bosch con attacco sinistro, 8500 Fried Mayer ecc.

Reduction for 9174/K for Bosch P pumps with left connection 8500 Bosch, Fried Mayer and so on.

9174/MW

Riduzione per 9174/K per rilevare la quota inizio mandata sulle pompe Bosch MW per IVECO EUROTEC - MERCEDES 250 TD ecc.

Reduction to be mounted on 9174/K for taking the delivery start dimension on Bosch MW pumps for IVECO EUROTEC, MERCEDES 250 TD and so on.

9445/A

Attrezzo munito di vetro con foro capillare per rilevare la quota inizio mandata con traboccamento.

Filettatura 12 x 1.5 - 14 x 1.5.

Aurocarri IVECO, MERCEDES, ecc.

Tool equipped with capillary hole-drilled glass to take delivery start with overflow.

Thread 12 x 1.5 - 14 x 1.5.

Trucks IVECO, MERCEDES and so on.

9682

Supporto comparatore universale per rilevare la quota inizio mandata su pompe in linea A, B, BV, NN, SIMMS, PES... M, PES... RSF BOSCH. Filettatura 12 x 1.5 - 14 x 1.5. Per l'uso deve essere tolto lo spillo e la molla della valvolina, rimontare poi il raccordo di pressione.

Universal comparator support to take the delivery start dimension on pumps on line: A, B, BV, NN, SIMMS, PES...M, PES...RSF BOSCH. For its use both the needle and the spring of the valve must be removed. Then the pressure connector must be remounted.

9145

Attrezzo munito di vetro con foro capillare per rilevare quota inizio mandata. Munito di valvola di scarico, permette di visualizzare chiaramente il traboccamento. Filettatura 12 x 1.5 - 14 x 1.5.

Tool equipped with capillary hole-drilled glass to take the delivery star dimension. With exhaust valve, it enables to clearly see the overflow. Thread 12 x 1.5 - 14 x 1.5.

9881/K

Cassetta completa di supporti comparatore universale per rilevare la quota della corsa dell'asta cremagliera sulle pompe in linea BOSCH P, P7100, 8500, A, B, BV, BOSCH MW, M, RSF ecc.

Box complete with universal comparator support to take dimension of rod stroke on pumps on line BOSCH P, P7100, 8500, A, B, BV, BOSCH MW, M, RSF and so on.

1	9881	Supporto comparatore a bilanciere con molla di richiamo in 9 pezzi per quota asta pompe Bosch P. Equalizer comparator bearing with return spring for rod share P Bosch pumps.
2	9446	Supporto comparatore per quota asta pompe in linea A, B, BV. Comparator bearing to survey the rod stroke A, B, BV pumps.
3	9500	(Rif. BH 1687233015) Comparatore decimale corsa mm 30. (BH Ref. 1687233015) Decimal comparator 30 mm stroke.
4	9501	Calamita per detto. Magnet.
5	9502	(Rif. BH 1688130030) Supporto comparatore quota asta Bosch P 24 x 1.5. (BH Ref. 1688130030) Dial gauge bearing for rod stroke Bosch P 24 x 1.5.
	9502/A	Morsetto con due aste. Clamp with two rods.
6	9502/C	Riduzione per 9502 per Bosch 8500 24 x 1.5. femmina. Reducer for 9502 for Bosch 8500 24 x 1.5 female.
7	9483K19	Riduzione per 9502 per Bosch MW 26 x 1.5. Reducer for 9502 for Bosch MW pump 26 x 1.5.
8	9881/A	Supporto comparatore quota asta Bosch M-RSF (Mercedes, Ford Transit). Comparator bearing to survey the rod share Bosch M, RSF pumps (Mercedes, Ford Transit).

1 9881

Supporto comparatore universale a bilanciere con molla di richiamo in 9 pezzi per quota asta pompe Bosch P, P7100, 8500.

Equalizer universal comparator bearing with return spring for rod share P Bosch pumps.

18 x 1,5 B, BV pumps
20 x 1,5 A pumps
24 x 1,5 interno inside Bosch P pump
24 x 1,5 esterno outside Bosch 8500 pump

2 9446

Supporto comparatore per rilevare corsa asta pompe A - B - BV.

Comparator bearing to survey the rod stroke for A - B - BV pumps.

3 9500

(Rif. BH 1687233015)
Comparatore decimale corsa mm 30 per quota asta cremagliera.

(BH Ref. 1687233015)
Decimal comparator 30 mm stroke for rack rod share.

4 9501

Calamita per detto.
Magnet.

8 9881/A

Supporto comparatore quota asta pompe Bosch M, RSF (Mercedes, Ford Transit).

Comparator bearing to survey the rod share Bosch M, RSF pumps (Mercedes, Ford Transit).

5

6

7

5 9502/B (9502+9502/C+9483K19) Kit completo.
Supporto comparatore quota asta con attacchi per pompa Bosch P, P7100, 8500, MW Bosch.
Comparator bearing to survey the rod share with connections for Bosch P, P7100, 8500, MW Bosch pumps.

9502 (Rif. BH 1688130030)
Supporto comparatore per corsa asta filettatura 24 x 1.5 esterna per pompe P Bosch.

(BH Ref. 1688130030)
Dial gauge bearing for rod stroke thread 24 x 1.5 outside for P Bosch pumps.

9502/A Morsetto con due aste.
Clamp with two rods.

6 9502/C Riduzione per 9502 per Bosch 8500 pompa 24 x 1.5 femmina
Reducer for 9502 for Bosch 8500 pump thread 24 x 1.5 inside.

7 9483 K.19 Riduzione per 9502 filettatura 26 x 1,5 MW BOSCH.
Reducer for 9502 thread 26 x 1.5 outside. Mw BOSCH pump.

9995

Termometro digitale a 999° a led rossi luminosi.
 Apparecchio portatile transistorizzato a pile munito di sonda a funzionamento immediato.
 È utilizzabile per rilevare la temperatura dei gas di scarico durante i controlli delle turbine, dell'LDA (valvola regolatrice sulla pompa iniezione) e su parecchi trattori e la corrispondenza tra temperatura gas e inizio mandata.
 Misure 150 x 70 x 50 mm. Peso Kg. 0,700.

999° digital thermometer with red leds.
 Portable device, battery transistorized adapted with a probe for immediate operation.
 It can be used to take exhaust gas temperature during controls of turbines, LDA (regulator valve on injection pump and on many tractors) and correspondence between gas temperature and delivery start.
 Dimensions 150 x 70 x 50 mm.
 Weight Kg. 0,700.

9838/A

Attrezzo premimolla regolatore.
 Permette un agevole bilanciamento masse con ns. chiavi 9879 pag. 18.
 Regulator spring-presser tool. It enables an easy massbalancing with our wrench 9879 on page 18.

9890

Kit estrattore / inseritore paraolio alberino acceleratore regolatore RQ.
 Puller / connector kit for oil seal of the accelerator shaft RQ governor.

9888

Fresa per mozzi portamasse regolatore.
 Reamer for governor hub mass holder.

9887

Alesatore conico per spina alberino regolatore Ø mm 3.
 Conical reamer for governor shaft pin diam. 3 mm.

9994

Chiave a 3 denti per piattello molle regolatore tipo K.
 (Rif. BH KDEP 1634).
 3-teeth wrench for regulator spring plate, K type.
 (BH Ref. KDEP 1634).
